TRACK 1981

The 1980-81 track team was one of the best A.H.S.'s fans have ever seen.

All track and field events were well represented by all team members.

Although Ajo is one of the smallest in Class "A" there is nothing small about their fine athletes. As many other schools who followed them across the finish line will admit.

The track team is divided into boys and girls teams, as many already know. This year the girls did a bit better than the boys. The girls went undefeated throughout the track season.

1) Steve Lockhart patiently awaits his next move.
2) Julie Garcia-In full stride.
3) Julie Garcia-Up and Over.

1981 was an exceptionally good year for A.H.S.'s baseball season. Why? Because of the teams motivation, cooperation, and determination.

Everyday the Raiders were out on the baseball diamond working up a sweat in effort to become a strong team. With the returning veterans the season turned out to be a fairly good one. Even though Pete Rose may not have been among the baseball players, we were led by a host of talented guys.

Under the direction of Coach Forgia and Coach Colacicco, the Raiders were still batting hard and sliding long.

1) Robert waits impatiently to get into the game.
2) Brian Ford decides whether or not to swing.
3) Ivon Maya gets ready to steal base.

The Sound Of A New Season

This year the band has 32 outstanding members 14 of which are new-comers and 18 old members. The band is also under the new direction of Mr. Anderson.

Mr. Anderson came to Ajo from all over. . . you see he was the piano player for Kenny Rogers and he did a lot of traveling. Mr. Anderson really likes our band, he says they are terrific workers and they sound great!

"Better Than Ever!!!"

The Raiderettes began the 1981 year by traveling to San Diego to attend a spirit camp. There they learned new cheers and routines. The Raiderettes came back with many awards including a trophy, a unity award, two spirit awards and many ribbons for superior routines and cheers.

The group is sponsored once again by Mrs. Farmer and all the Raiderettes greatly appreciate her help.

The Raiderettes have enlarged their group this year by adding a Freshman cheering squad. The group has grown to 26 girls promoting school spirit. And as anybody has seen they're- Better Than Ever!!

The 81-82 matmaids were really active this year. They chose 6 JV. and 8 Varsity members. Each girl showed her support by making posters, supporting the wrestlers, cheering till they no longer had a voice, and preparing breakfast for them. Also each matmaid was assigned two secret wrestlers, each girl then sent cards, candy, gum to their wrestler.

The matmaids also sponsored the Bachelor-Sweetheart dance. All in all it was a great year. Many thanks to Miss Stock for being their Mat Maid Mama.

THE CREATURE CREEPS

The play is set in the 19th century Transylvania where Baron VonBlitzen lives in an ancient castle. The Baron, it turns out, is a mad scientist with a wife who loves to tell fortunes and who sings off key. He also has a daughter, Daisy, who is lovely but naive. The moldy old castle comes equipped with an old family servent named Gretchen and a hideous scientist's assistant named Mord. As the curtain rises we find Daisy returning home after four years of college. She is accompanied by her fiance, Frank, and her roommate, Babsy.

As the plot unfold we meet the Barons wife, Maritza, and her sisters along with their fiances who amazingly look like the same man. In the end, after Frank, the fiance, discovers some disturbing facts about Daisy's family, and decides to run off with Babsy, leaving Daisy to be consoled by a talent scout who looks exactly like the man her aunts have just married. Oh! and of course, Mord and Gretchen get married because in Transylvania you take what you can get.

The American Field Service Club from a handful of students four years ago to 22 members this year. It is the largest club presently on campus. Besides the many activities held during the school one big attraction for the AFS members is the planning and raising money for the exchange visit to a high school somewhere in the United States. Ajo High School students have the opportunity to spend one week at another school. This year there is talk of visiting a school in Colorado.

The club officers for 1981-82 are - President: Shawna McGrady, Vice President: Angie Guffey, Secretary: Nancy Prebula, and Treasurer: Suzanne Hoppe. The AFS club is sponsored by Mrs. Linda Hatfield.

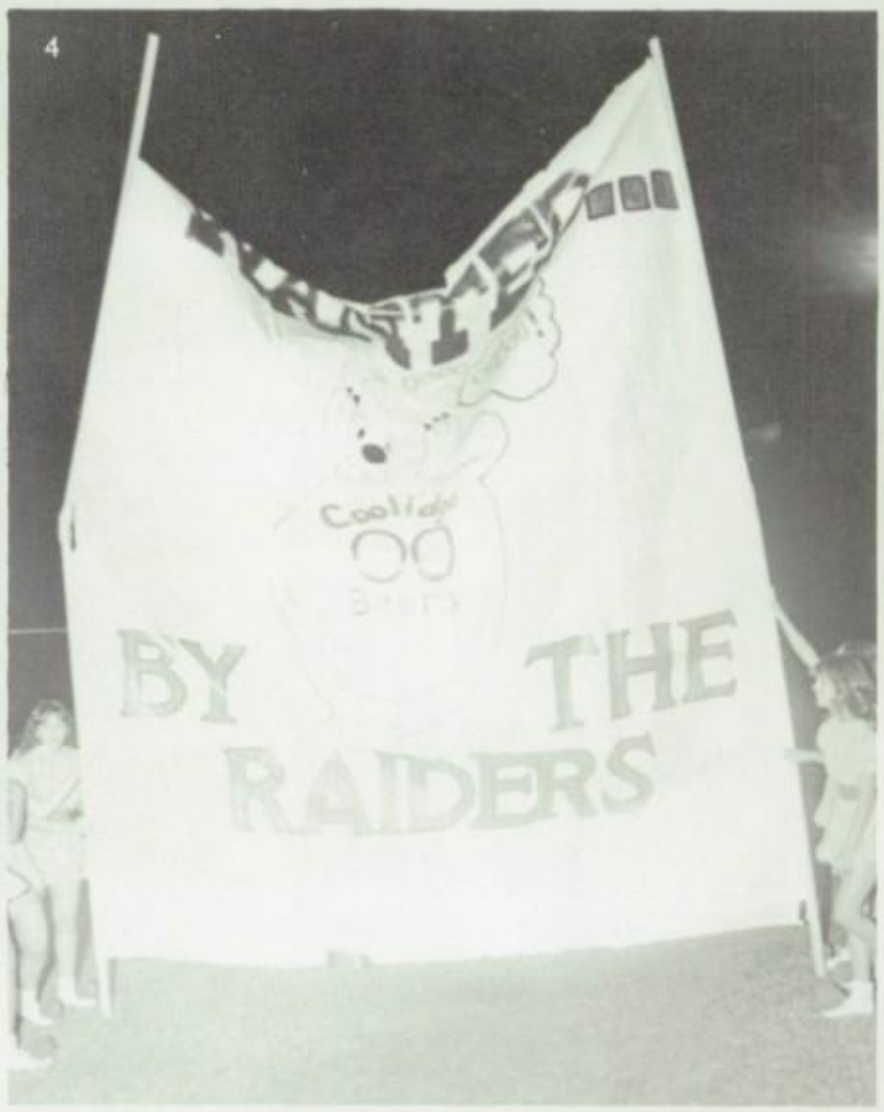
6) Time out for pictures.
7) Junior float.



This year's round up began on Monday 19th with the beginning of float construction and continuing on until Friday afternoon when they should have been completed.

Not only did the A.H.S. students build floats all week, they also took time out to have a bonfire to try and arouse some school spirit, of course by this time the student body was all fired up and there was a good attendance.

Finally on Friday afternoon there was the traditional Homecoming Parade consisting of the Raiderettes, the A.H.S. Band, pep trucks, Homecoming Royalty, and of course the class floats.

At last the moment of truth came, at the football game that was to decide how the mood would be set for the rest of the evening.

During the halftime of the game the King & Queen were crowned with Denise Garcia as Queen and Kary Allen as King. Susan Camp and Gardo Olea were the alternates.

The class floats were also judged with the Sophomores 1st, Seniors 2nd, Freshman 3rd and Juniors 4th.

Sorry to say, the Coolidge Bears managed to win the game. Although everyone was sorry we lost, but they all enjoyed the evenings dance.

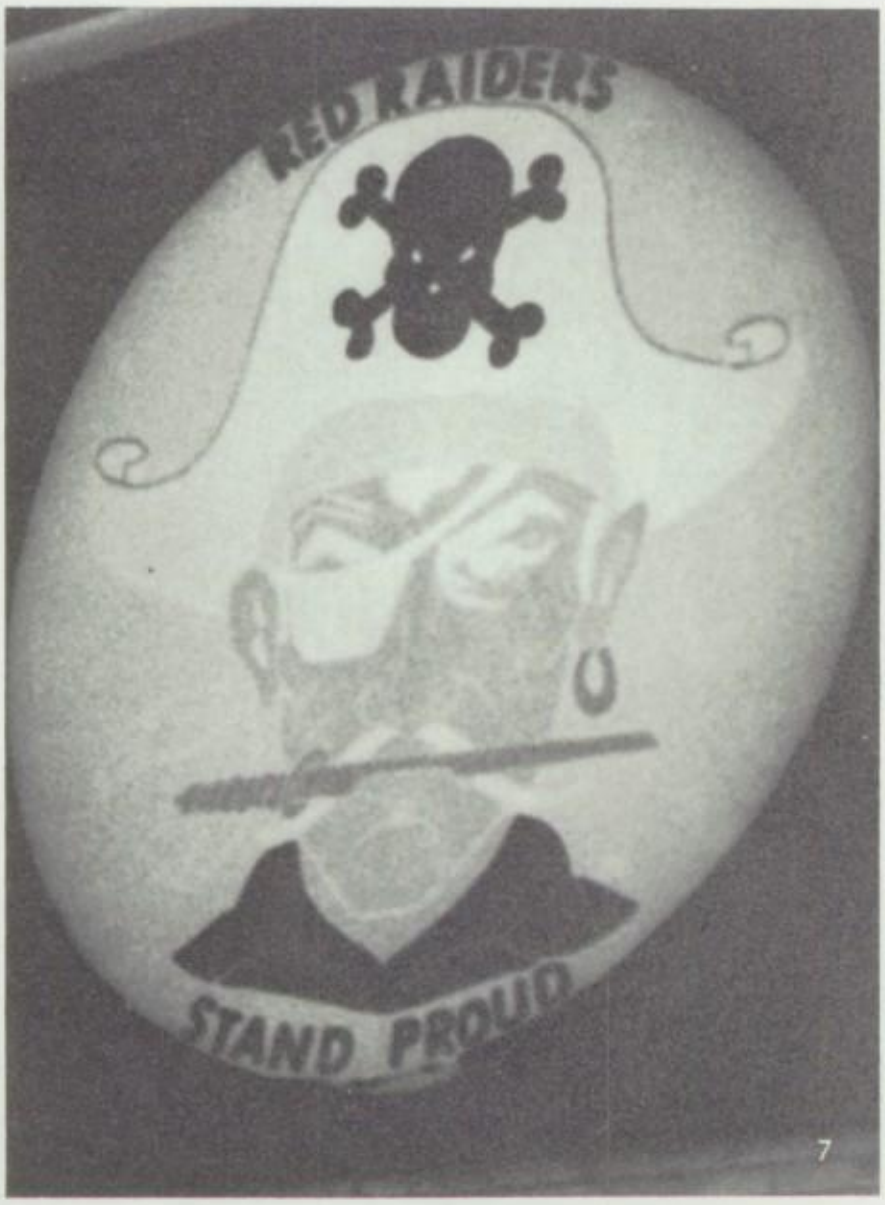
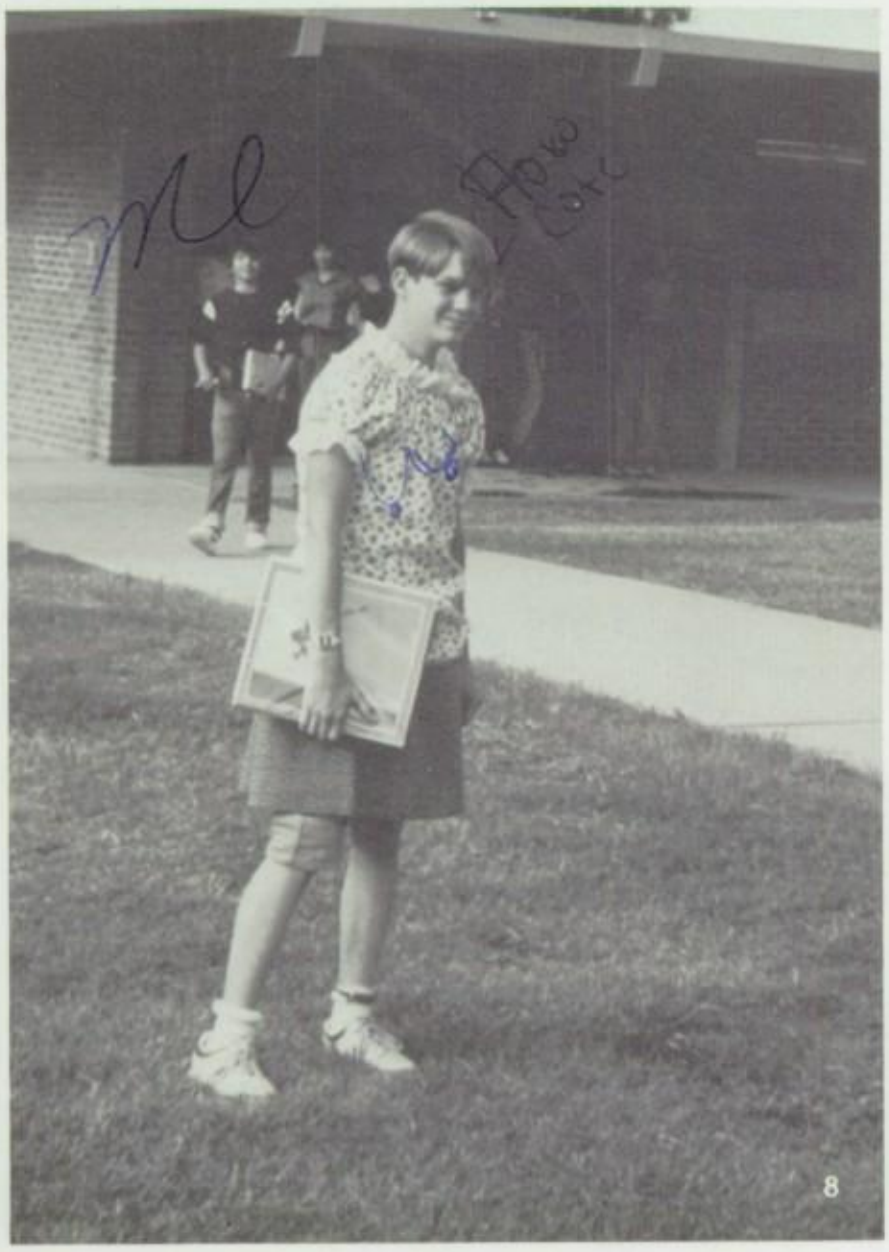
Frosh Week





FROSH WEEK

Once again the test of endurance was given to A.H.S.'s newest members. All week they were teased, tortured, and slaved. The week's activities began with the various events such as Monday being "Poster and Keep off the Grass Day", the second day was "Backwards Day", Wednesday being "Hat Day", Thursday being "Upperclassmen Day" and finally of course Friday was dedicated to the traditional painting of the "A". The Frosh had feelings of excitement and also intimidation, but everyone had a fun week.

Letters to Santa

Dear Santa,

I don't have a chimney, so you can't come down. I'll leave a key in my little birdy cage outside.

This year, I've been very good, except for the few antique vases and stuff I broke, oh well let's skip that part.

Can I please have the following for X-Mas: (If it's possible) Thank You.

1. Choo-Choo Train
2. Skates & the key
3. Dolls
4. Army men
5. Answers to all the tests in Kindergarten.

P.S. I left you some fudgies and cookies and milk.

Love,
Mr. W.

Dear Santa,

I want a car and a drivers license. Also, I want a free trip to Disneyland, Hawaii, and Colorado Springs. Also I want a female to enjoy the trips with. She has to have blue eyes, long brown hair. Also, she has to be 14 years old, but no older than 14 yrs. 3 mo. I also want you to make our family rich and healthy, and of course make me wise since I'm writing this dumb letter.

Thank You,
C. J.

Dear Santa,

I would like a nice tall well built fella. The qualifications are fairly easy to fulfill. He must be kind, understanding, sweet, charming, easy to control and not too wild, but loads of fun. Most of all handsome. Santa just leave him near the tree. THANK YOU!

Sincerely
Anxious & Waiting

Dear Santa,

I would like D. D., Robert Redford and Burt Reynolds for Christmas. Paul wants a girl with a terrific body, brown hair, blue eyes and great personality. Mrs. Esparza would like a Microwave.

Signed,
R. C.

Dear Santa,

I want a chick with a fine body. Make sure she has good measurements. (You should know what the measurements are.) Make sure its NOT your wife. I'd like her to have brown hair and blue eyes, a good tan, and a good personality. Age group between 16-18 yrs. old. Also let me have a house on the island of Hawaii, complete with swimming pool, waterbed, stereo sound system, corvette, the works, etc.

P.W.

Dear Santa,

I want a blue and white Monte Carlo, and electronic games, a box of snikers and M&M's and also John Schneider from the Dukes of Hazzards.

Also, some money to spend with my friends on New Year's Eve (about $560).

For my friend Linda, could you send her a box of lips.

For Kiristin, 200 pencils and pens. So she won't have to borrow ours.

Hope I see you fly by my house.

From,
B. A., S. L., C. V., S. C.,
L. M., C. A., C. L.

Dear Santa,

I've been a good boy. So I want you to bring me my floatable Farrah Fawcett doll. My stompers, pair of disco roller skates, my very own strobe light, big ol' album collection of the top 10's, 20's and 30's. A new cassette player, one of them big ones with 2 speakers, and that's it. Hope you come back real soon. Thanks.

Signed,
Love & Kisses
Plain Jane-Juke box hero

Dear Santa,

This is what I BETTER get for Christmas:

1. A new car
2. A house (my own)
3. A MAN!!!
4. My 2 front teeth

Y. M.

Dear Santa,

What I would like for Christmas is more than I should ask.

First, I would like every blind person to see, every deaf person to hear, and every mute person to speak.

Second, I would like every person in a wheelchair or handicapped person to walk or at least move.

Third, I would like every illigitimate or orphaned child to have a family and a home.

Fourth, I would like every person with a disease to be cured.

Fifth, I would like every needy person to have all that they need.

Six, I would like all poverty gone from the world.

Seventh, My greatest wish of all is that every one have at least one gift waiting for them on Christmas morning. That everyone have a warm meal waiting for them on Christmas day so that they can enjoy the magic of Christmas. And let us not forget that everyone have a safe and Merry Christmas.

Santa, if you could do these things for my Christmas wish I would greatly appreciate it.

Sincerely,
C. M. K.
Your favorite
little elf.

Dear Santa,

This year our friends have been good except for one boy, which I won't mention. Anway, this boy has become an expert at copying. I think that other than that he's been pretty good. I really think that he deserves Mr. Engel's test book because it would make it a lot easier for him.

Thank you,
Maria & Monica

Dear Santa,

My friends and I have been good girls this year. Maybe sometimes we weren't perfect. But we tried, and honest, we didn't mean to set the principals' pants on fire. And the little incident with the bomb squad. Well we would have never called and told that there was a bomb in Mr. Jackson's class if we would have known they would take us seriously. All we wanted was an A. And all those other things were just accidents. Really we are sorry, but now for the good stuff: Katrina's Jane would like J's sexy body. This ought to do her for a while. Susie Homemaker wants it all. Ethel crud face wants anything and everything and J wants everything.

And the winner is. . .

Juniors 1st

*Twas the week before Christmas and all through the school.

Not a student was absent and the teachers were cool.

All assignments were in, no homework was missing a few young couples sat out side kissing.

But all knew they best beware for old Saint Nick would soon be there.

A beautiful tree was done by the Juniors in second the freshman, the rest were the losers.

The dance was a hit, 100 percent. Then Old Saint Nick chose his chick.

Donita Snider was crowned the Mrs. She was Merry and Merry through the Christmas.

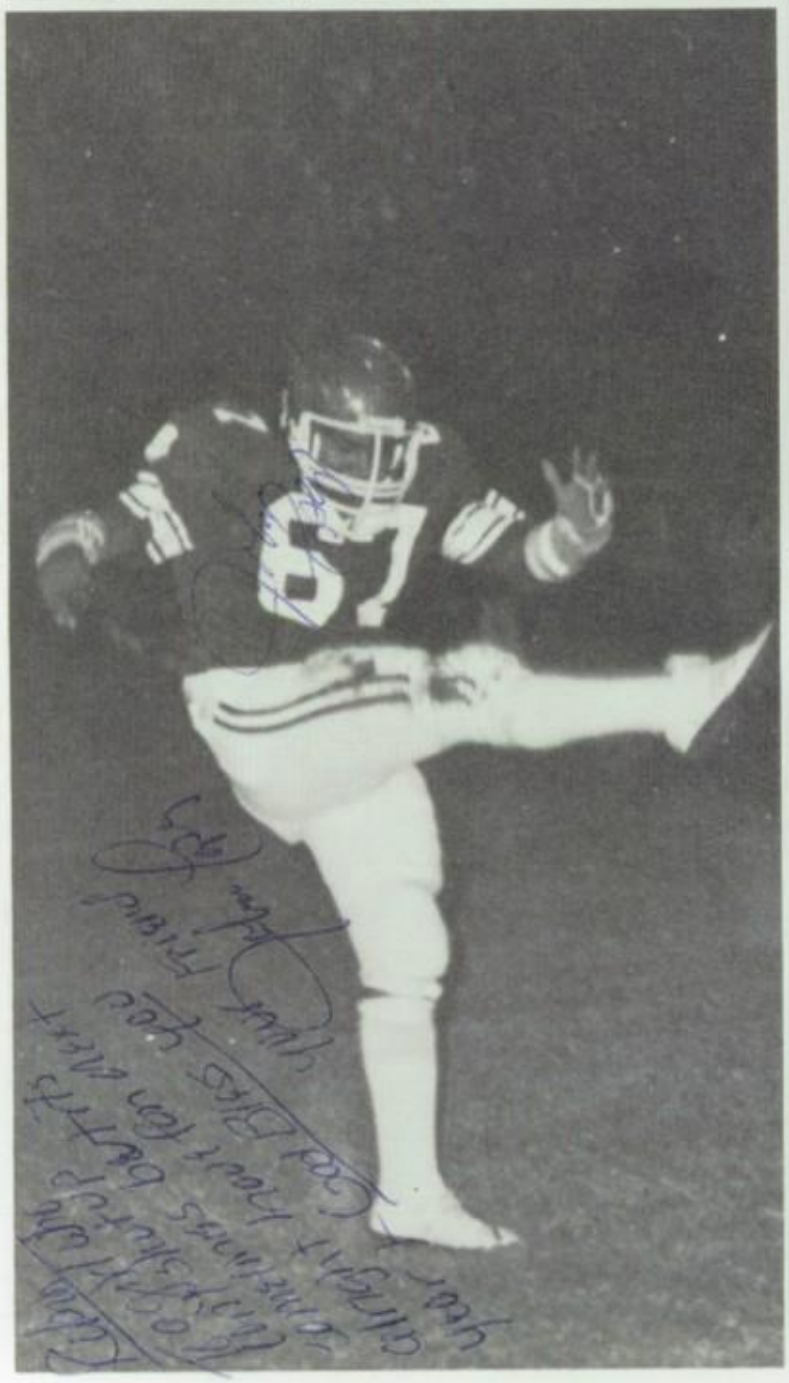
Ajo Red Raiders

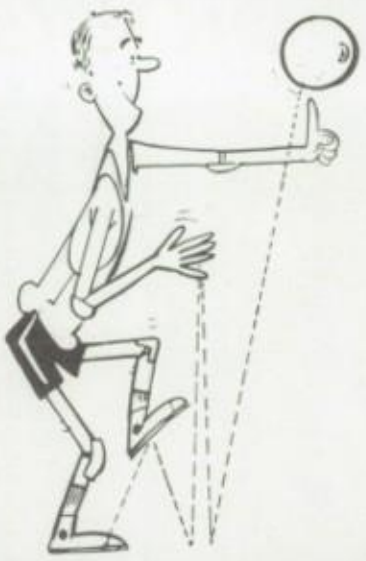


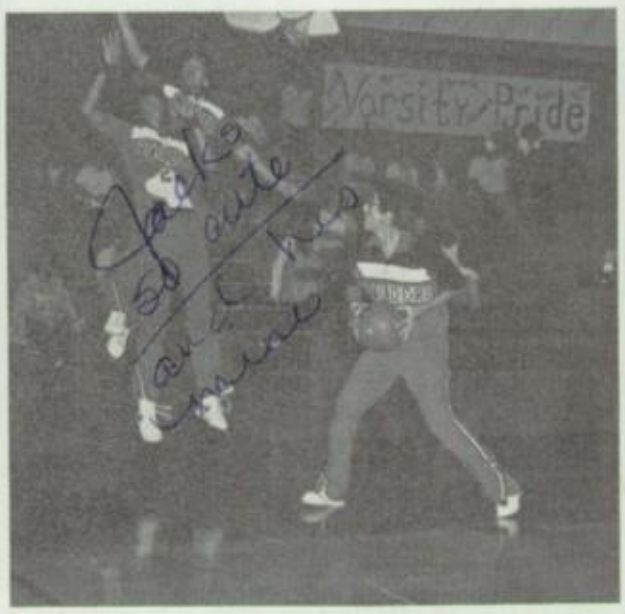
The 81-82 varsity football managed only a fair season. Their record showing only four wins against six losses, but the returning Red Raiders gained the valuable experience for the 82-83 season. Another factor contributing to the season was the key injuries always coming at the wrong time.

New to the coaching staff is coach John Thompson who took over the duties of head coach. Assisting him was veteran coach John Hickman seeing his first year as a varsity coach, although he has coached track for many years.

Ajo High will enter the Class B conference next year and hopes are that the Raiders will be able to face the new competition with better success.

Running





At the start of the 81-82 basketball season the Running Raiders were ready to face their opponents with perfected skills and winning attitude.

All of this new found strength was partly do to the teams strong will to win. The driving force behind that will was headed by coach Bo Whitelock. This was coach Whitelock's first year and proved to many that he had the ability to keep the team at top shape.

Ajo was predicted at the beginning of the season to be one of the lowest ranked team in the conference.

This year's team was filled with much more talent then expected.

Raiders

1) Kelly Mohon shoots for two. 2) Where's the ball? 3) Up up and away! 4) Number 32 up for a rebound. 5) REBOUND!

1) Hands up fellows! 2) Time for strategy. 3) Guard'em 4) Flying high! 5) Ray Valdez in full stride.

1) "Ball of confusion" 2) Ajo High Stretch. 3) "Jump Ball" 4) Another shoot for two.

The new varsity girls basketball coach Joseph Almacy inherited a group of a new players returning only two lettermen. And so it was a rebuilding year for the ladies. Bright spot on the team even effort by Trisha Hernadez, Ana Rosalez And freshman Tina Smith. Coach Dunlap J.V. coach, has been busy preparing a new group for the varsity.

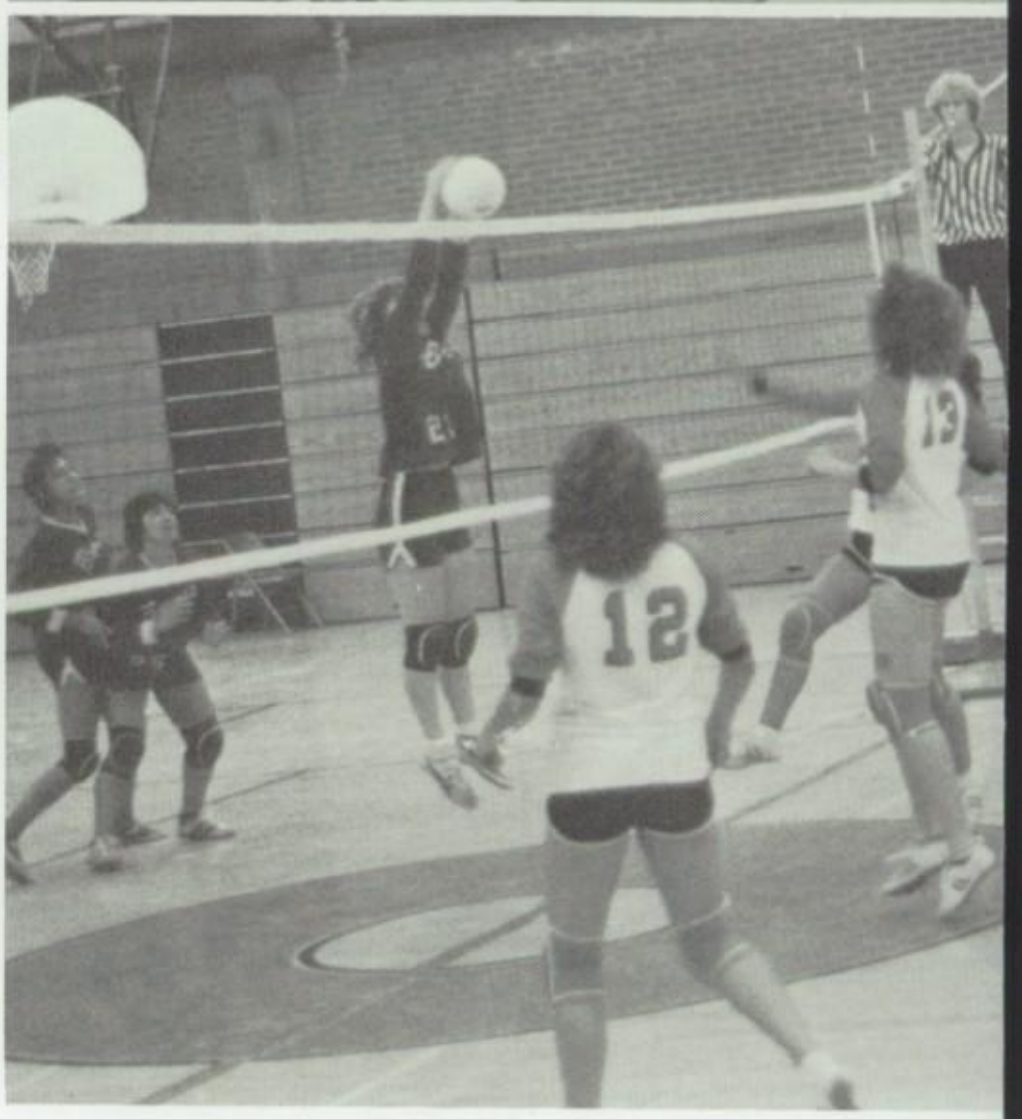
Pride, Raider's Winning Tradition



Volleyball was invented in 1895 by William G. Morgan in Holyoke, Massachusetts. It is one of the few sports invented that has extended around the world. The game was originally called Minonette, but was changed as players seemed to "volley" the ball back and forth.

Six players make up a team- left, center and right forwards; left, center and right backs. There are no use of bats or sticks. The server must hit the ball with his fist or hand, but after that, you may use any part of the body. (Catching or holding the ball is a no-no!)

The object of volleyball is to hit the ball back and forth over the net without letting it touch the floor in the team's own court. A player cannot hit the ball twice consecutively.

Points are scored if the receiving team fails to return the serve. This happens when a player commits a foul. The serving team then gets a point and continues to serve until they fail. Neither team gets a point if the serving team fouls up. The other team then gets the ball. Each player on the team rotates clockwise and has a chance to serve. The scoring goes up to 15, but the winning team must win by 2 points.

Pursuing Success

Ajo has another state championship team, its second in the calender year 1981.

The girls' cross country team won the state class A meet Friday, Nov. 13, at Estrella Park. They bested teams from Many Farms, Monument Valley, Chinle, Bisbee, Mohave, San Manuel, Buckeye, Holbrook, Willcox, Ganado and Page.

Tammy Jones won the race, finishing first with a time of 13.39 in the 2.3 mile course. Coach Nogales said of Tammy's run, "Tremendous." "The girls improved during the season. The turning point was probably their victory at the Buckeye Invitational where they defeated eleven teams, including Mohave." added Coach Nogales.

Through the season, Ajo girls won all their dual and three-way meets. They avenged their only loss to Bisbee at the Gilbert Invitational. Their record for the season was eight wins and only one loss.

Driver's Ed

Of all the required classes, none has the immediate payoff like Driver's Ed. From the time students enter as freshmen, driving fever strikes. They can't wait until they get behind the wheel of that new Trans Am or monterous four-wheel machine. And so the purpose of Driver's Ed is to prepare these young hopefuls to become safe, careful drivers.

The man behind the desk is none other than Mr. Dunlap. He fine tunes these Mario Andretti's to make the roads safer for everyone. And as one groups leaves another eagerly waits outside the door of room 13.

The next group eagerly awaits.

The man behind the miracles.

No, it's your fault. I had the right-of-way.
